Licensed Clinical Psychologist

**Statement of Confidentiality**

Dr. Junno will keep an ongoing record of your psychotherapy sessions with him, but no information about your seeing him or the content of your sessions will be shared with anyone else without your permission. There are a few exceptions to this rule.

- The first is if you indicate that you are either going to harm yourself or someone else. In this circumstance confidentiality may be broken to protect you and/or other's safety.
- If you present information about harm or neglect of a child, elder or handicapped person, your confidentiality cannot be guaranteed. Dr. Junno, like all health care professionals, is mandated by law to report incidents of harm or neglect of children, the elderly or handicapped individuals.
- If there is a court case and a judge subpoenaed your records, Dr. Junno may not be able to protect your confidentiality in that circumstance.

I have read and understood this statement. I know if I have further questions, I can address them with Dr. Junno.
